## FLP, DOMINO AND LINUX: PERFECT MATCH IN AUTOMATING BUSINESS PROCESSES

[2005-02-23] *Singtao Daily*

Many people misconceive that IBM Lotus Domino/Notes are privileged to the large companies. In recent years, many SME has discovered IBM Lotus Domino/Notes is both an all embracing system for email and management system to help fully automate business process and increase company efficiency

### YEARS OF DEVELOPMENT, RICH EXPERIENCE

Ultra Active Technology Limited (UAT) has established over 15 years in the IT industry. UAT understands that most of the SME are facing problems with overloaded documents, complicated work procedures, misallocation of human resources, hampering information digestion when customer size and turnover volume are increasing. UAT, the developer and also the first user of the third generation of FLP®. FLP® is a comprehensive 'Finance and Logistics Profession' management system for enterprises. The advance of technology has catered rooms of enhancement of features and functionalities of FLP® including choice of database, platform and programming language.

## **IBM LOTUS DOMINO/NOTES: STABLE AND RELIABLE**

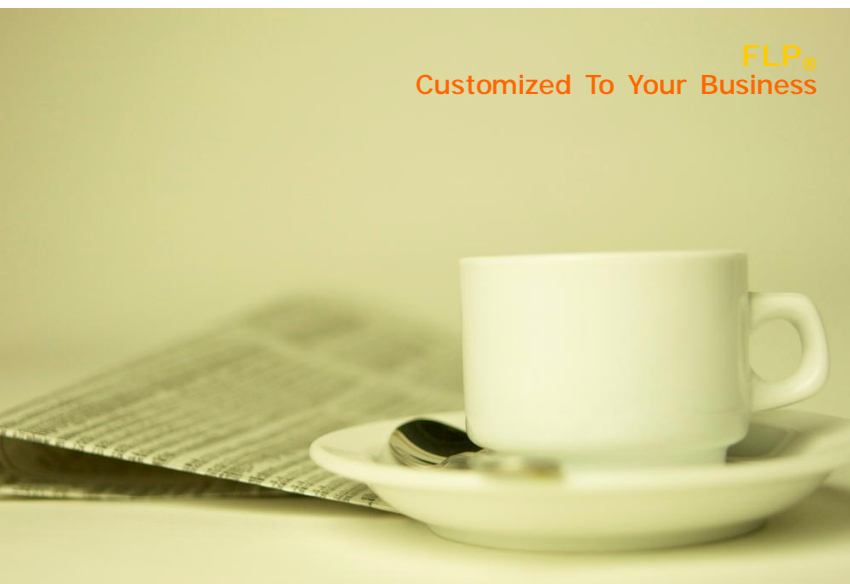

Eventually, four year ago, UAT® has decided to rewrite all the system library and run FLP® on IBM Lotus Domino/Notes for the very crucial and simple reason:

IBM Lotus Domino/Notes is more stable and reliable.

Notice that the Hong Kong SAR governmental departments, including the Police Force and Aviation Department, are using IBM Lotus Domino/Notes. It is clear that IBM Lotus Domino/Notes is secure and reliable. Moreover, previously, only large companies could afford to use Lotus Domino/Lotus and now the price is so reasonable that there is no reason not to use a low cost and high performing all-in-one collaboration platform.

## **EASY AND SIMPLE TO MANAGE**

FLP® is 100% developed on IBM Lotus Domino/Notes. The absolute advantage of using FLP® and IBM Lotus Domino/Notes is the tidy, organized and well-documented administrative functions which render the product easy to manage. An IT officer of ordinary IBM Domino/Lotus knowledge will give you consistent support, unlike other platform which have so many diversified non-standards that different IT persons will mess up your system rather than fix it.

## **CHOICE OF OPERATING SYSTEM**

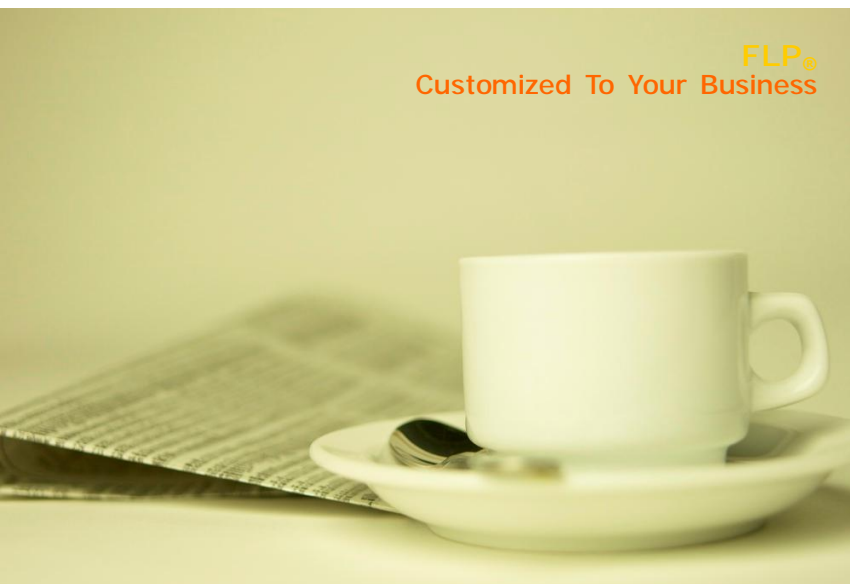

You can freely choose to run FLP® and IBM Lotus Domino/Notes on Linux or Windows operation system. Running on Linux server has advantages of low installation cost, stable system, less system hung-up and less virus attack.

## **USERS IMMEDIATELY REAP THE BENEFITS**

The benefit of FLP® is that users immediately share the business running experience without having to build their own system from sketches.

FLP® is a true professional system for enterprise management and there are a lot of business models where you can adopt immediately and FLP® welcome customization to fit your business model.

There are a lot of business models for your to select, for example, retail, trading, distribution, point of sales, document management and customer services.g and forecast. FLP® is an all-in-one business software solution and you don't need to maintain the inefficient and costly heterogeneous software.

## USING FLP®

You truly have used next generation technology in achieving today's business success.
