FLP[®]
PRESS RELEASE

FLP SPECIAL OFFER OF CUSTOMIZED ERP FOR YOUR BUSINESS AT HK\$388,000

[2005-05-01] *FLP Division Manager*

During the course of promoting our FLP[®] products and services, our FLP team observe two bewildering observations from both users of computer systems and business owners

“WE ARE USING AN ERP SYSTM ALREADY AND NO NEED TO CHANGE.”

In the ever busy business world, from CEOs to office assistants, every one is busy. Have we ever thought of really using a true ERP system? Some of the accounting programs in the market re-packaged to call themselves ERP solution. The bewildering observation is despite feeling unsatisfied with the accounting program which provide simple invoicing features and not-being used inventory functions, users don't attempt to look for a change. We believe that bad experience made users despaired in looking for solution any more. We believe FLP is a true ERP system for SME at reasonable price offering large companies functionalities.
