REAL-TIME RETAIL ENTERPRISE MANAGEMENT SOLUTION

FLP® Point of Sales Manager is designed for retailers with multiple-location retail shops, covering the entire retail supply chain. Invoice, customer database, stock level, and so on are all kept centrally in the FLP® Point of Sales Manager server which is typically installed in the backoffice, no computer-proficient staff is needed in retail shops to perform daily computer data backup, run start-of-day and end-of-day batch job, initiate data exchange with head office, database and network management. Staff without much experience in operating computer systems can easily walk in and focus on doing core business.

INSTANT INFORMATION OF YOUR SHOPS

The most up-to-date business information is always available online for back office management team. Marketing plan, sales analysis and forecast, customer loyalty programs and outlet shop replenishment plan etc. can readily be composed in response to the changing market conditions.

EXPANSION OF MARKET COVERAGE

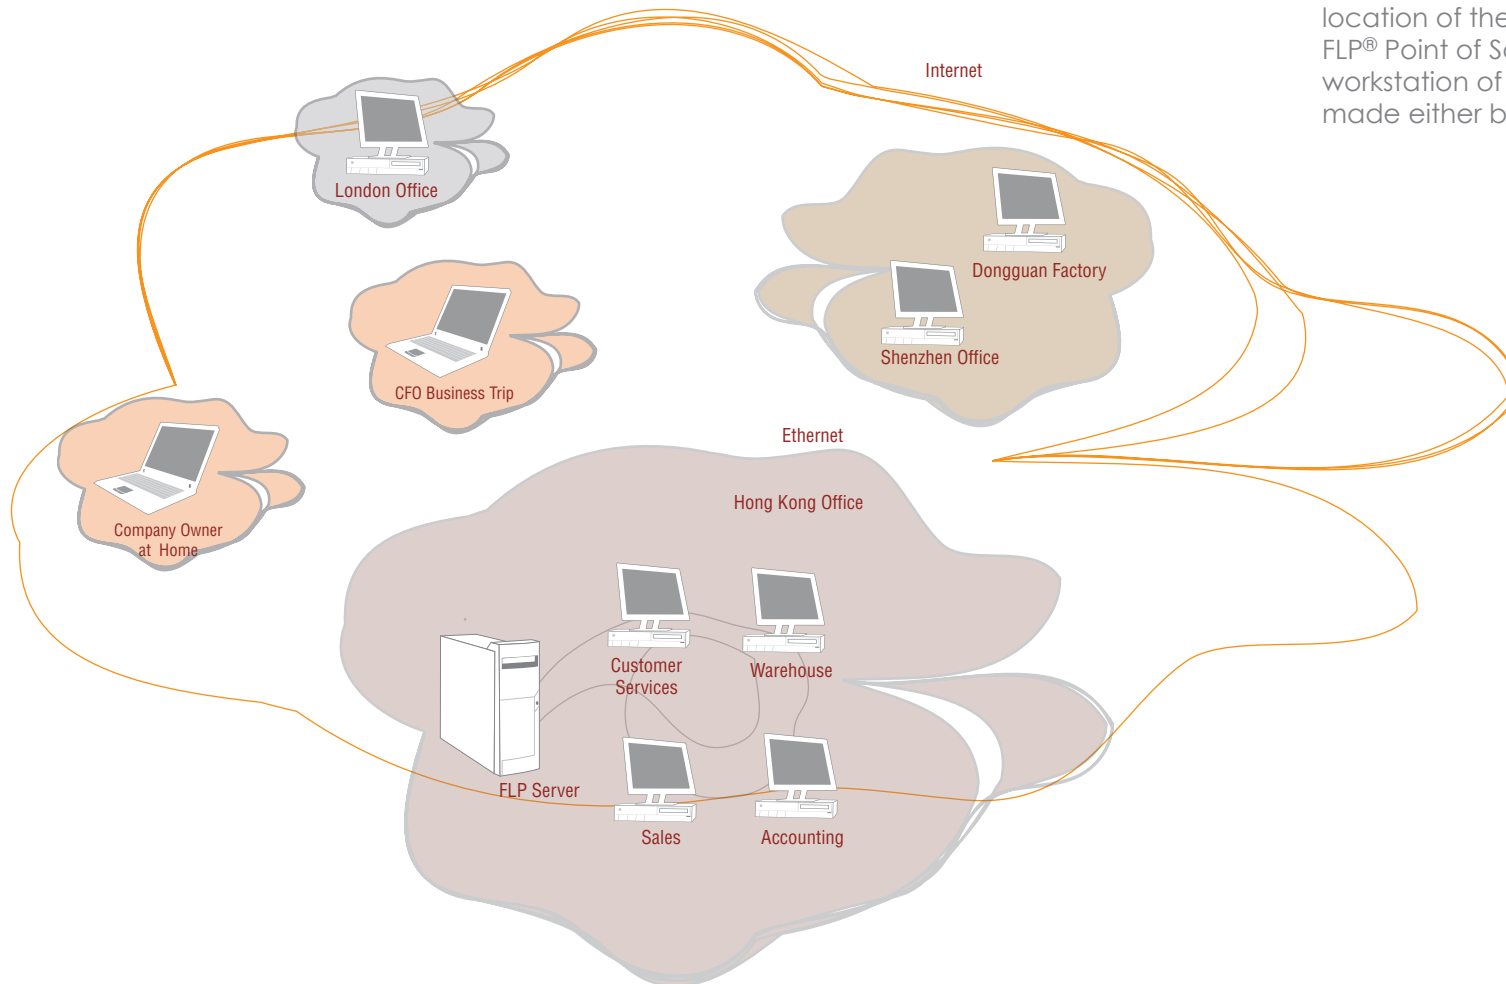

FLP® Point of Sales Manager supports multiple languages, multiple currencies, multiple shops, multiple warehouses and ease connection with retail shops situated in remote locations, facilitating cross-border business and expansion of market coverage with minimum possible effort and time.

FLP[®] BUSINESS MODEL

A FOUNDATION FOR YOU TO BUILD YOUR OWN BUSINESS MODEL

No two companies are the same even conducting the same business in the same industry. Why should you choose a standard software package.

No other software solutions provide more feature and functions than FLP[®] does costeffectively. No other software solutions provide such an all-in-one interface integrating with your company wide company business processes. FLP[®] provides a market leading collaboration platform for all your company staff to work on anytime, anywhere with unlimited scalability without physical country border barriers over the Internet.

What's more, FLP[®] shares our experience with you to customize the software applications to suit your business and prepare for the future.

FLP[®] is empowered by IBM[®] Lotus[®] Domino[®]/Notes[®] technology.
